

# Getting Started with Edmodo.com

## What is Edmodo?

An online collaboration tool for educators to collaborate, share ideas and ask & respond to questions. This is a web 2.0 tool that is similar to Facebook but in a "safe", "private" environment.

## To join, you will need to:

1. Create an account (free) and
2. Join a Group (your facilitator will provide the name of the group)

To create an account first go to: <http://kpbsd.edmodo.com>

Initially you will need to select "I'm a Teacher" to create your account (in the future, simply login with your username and password).

In the sign up screen:

School Code: (contact a District Technology Coach to get this)

Username: Your choice (suggestion: use your e#)

Password: Your choice

\*\*Complete the rest of this window, leaving "Title" blank and click on "sign up" \*\*

## Want more information?

To help you get started using Edmodo, you can use the [Getting Started Guide](#). If you want more information can attend one of Edmodo's regularly scheduled "[Introduction to Edmodo](#)" webinars.

You will enter into your Home page.

To “Join a Group” you will need to click on “JOIN” (located on the left of the screen under your “picture”).

You will be asked to enter a code.

This 6-digit code will be provided by your group facilitator

Once you enter the code, this group will be under your “Group” section.

To change your Settings, Click on “Account” and then on “Settings”. You can add a photo or picture, change your password or add “notifications”. Notifications will be sent to your email (Recommend clicking on Alerts, Direct Messages and Replies). Click on “Save” button in each area to save the changes you made.
